Premium meets Premium: SW-MOTECH offers TRAX ADV systems with matching Akrapovic slip-on

Together with Akrapovic, SW-MOTECH has put together special sets consisting of TRAX ADV aluminium case systems and matching Akrapovic slip-on exhaust systems. The sets are available for the Yamaha Ténéré 700, the Honda Africa Twin CRF 1100 L and the BMW R 1250 GS.

For the Africa Twin and the 1250 GS the PRO side carriers have been specially adapted to the Akrapovic Slip-On units.

The Akrapovic Slip-On improves the performance of the bike and offers the distinctive Akrapovic sound. The mufflers from Slovenia are of high quality and look good, just like the SW-MOTECH aluminium cases from the TRAX ADV series.

If you are looking for an extremely well-made and reliable set of cases and the matching high-quality exhaust system, SW-MOTECH has the complete package. All components are compatible with each other and can be mounted on the bike by yourself with a little skill.

The sets are available for the following models (Sets for Honda available by December):
